(a) whether Government are aware that India's share in the world textile market is only three percent against China's 10 per cent;

(b) if so, whether any target have been fixed to increase our share from 3 per cent and in monetary terms, what is the anticipated earning in foreign exchange during 2003-2004;

(c) whether we are exploring new markets, along with the traditional markets for textile business exports; and

(d) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF TEXTILES (SHRI GINGEE N. RAMACHANDRAN): (a) As per the latest available World Trade Organisation (WTO) data (2002), China's share in the global textiles and clothing trade is 13.5% and 20.6% respectively; and that of India is 3.7% and 2.8% respectively.

(b) A target of US$ 13.5 billion has been fixed for export of textile products during 2003-04.

(c) and (d) India's textile products are exported to more than hundred countries of the world. However, USA, EU Member States, Canada, U.A.E., C.I.S. countries, Japan, Saudi Arabia, Switzerland, Mexico and Australia are the mjor importers of our textile goods. The Government have launched new schemes for focussed export promotion in the non-traditional markets of Latin America, Africa and the Commonwealth of Independent States (CIS). The Textile Export Promotion Councils have stepped up their export promotion effort to these non-traditional and other important non-quota markets.
